Dear Residents, family members and staff:

Yesterday, Alta Skilled Nursing and Rehab had their first resident “breakthrough” case for COVID-19. Additionally, two staff members had “breakthrough” cases a few days earlier. A breakthrough case means a fully vaccinated individual tested positive for COVID-19.

We will be testing all consenting residents and all of the staff again in the next few days. In the meantime, we will be placing a momentary restriction on visitation until we have completed testing with no new positive cases.

If you have questions, please do not hesitate to reach out to me at (775) 828-5600, ext 2608. We apologize for this inconvenience and we are taking all steps to ensure that there are no additional cases.

Sincerely,

A handwritten signature in black ink that reads "Zachary S Gray". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Zachary Gray, NHA
