Memo re: COVID-19

Dear residents and families:

We were notified late Saturday evening, June 28th, that one of our staff members has tested positive for COVID-19. Although we can not disclose who they are, we can tell you that they are non-clinical, did not go into resident rooms, and wore their mask at all times while in the building. It is a Federal requirement that we notify all staff and residents within 24 hours of a confirmed case.

As a result of this news, we will be testing every resident who consents and every employee on Monday, June 29th. If we receive additional positive cases, we will be implementing our COVID-19 protocols immediately.

We strive to treat each and every one of your parents, spouses and friends with the same respect and caution we extend to our own parents. Please do not hesitate to reach out via phone or email for any updates or questions. I am available 24 hours per day, 7 days a week.

Sincerely,

A handwritten signature in blue ink, appearing to read "Zachary S Gray". The signature is fluid and cursive, with a long horizontal stroke at the end.
